

UMKC PDC Special Education Support Team

Susan Kasper	School Improvement; Grants	235-2464
Renee Miller	MAP-A; Transition	235-6182
Brenda Vann	Compliance	235-6183

Special Education Consultants can provide the following assistance in your school or district...

- Consult with districts regarding strategies to improve student performance with a focus on students with disabilities
- Consult with schools in developing building-level school improvement plans for children with disabilities
- Work directly with MAP/ MAP-A facilitators and administrators to analyze and disaggregate special education performance data
- Support effective practices after districts have identified specific needs
- Serve on audit teams, management teams, and MSIP teams as needed
- Facilitate or present staff development modules developed by DESE
- Provide training/technical assistance on current special education compliance issues and processes (including MSIP Review preparation, Mock Reviews, file reviews/audits to assist districts in the identification of systemic compliance issues)

Regional Trainings are available in the following areas...

- Differentiated Instruction (DI)
- Measurable Goals and Objectives or Benchmarks
- Co-Teaching
- Curriculum Based Measurement (CBM)
- Post-Secondary Transition Planning
- Problem Solving Teams (e.g., Student Assistance Teams, Child Study Teams)
- Autism
- Quality Eligibility Determination (QED)
- Standards-Based IEPs
- MAP-A
