## **Correlating Health and Physical Education to the GLE's**

**Presented by**

### **MISSOURI ASSOCIATION FOR HEALTH, PHYSICAL EDUCATION, RECREATION AND DANCE**

This workshop is designed to give K-12 Health and Physical Education Teachers classroom activities and assessments that correlate with the State GLEs. These activities and assessments were developed by DESE and MOAHPERD in November, 2009. They will be shared and participants will get hands-on use of these activities and assessments for all grade levels, as well as a legislative update.

Participants will become familiar with the various types of technology available to implement and supplement Health and Physical Education (i.e., pedometers, heart rate monitors, data management software, inspiration, social networking websites, pod casts and other media. An overview of the Fitnessgram will also be included. Information regarding materials that can be found on the internet that are available for instructional purposes will also be shared.

Resources for classroom use will be provided for each participant to take back to their district and building staff members.
